SBPAs,

We are all set to begin bus checks in Bangor. I have spoken with the Chief of Bangor PD, and they are happy to respond as needed should we encounter something that does not fall within our purview. OFO Bangor is also happy to assist should we need to roll someone. They are available 24/7 at the airport.

[REDACTED] Remain professional, expect to be videoed, and do not get baited into an argument that will get edited to make us look like fools. Don't confuse this with taking shit. We are there to do a job, then move on.

This is an excellent opportunity, the likes of which we have not seen in a decade. Let's work together to be as productive as possible while preserving this momentum to increase our ability to enforce the law.

[REDACTED] and I met with the CPA this morning. He had a couple of valid concerns, but I am certain that he is happy to see us moving forward, using this operation as an enforcement tool as much as it is a measure of our line operations effectiveness.

Happy hunting, stay safe, and have fun!

Thanks,

If you can afford to send two guys to Bangor tomorrow to hit the buses please do. It may be too short of a notice, but reach out to Calais and see if their dog is on, maybe he can help out.

[REDACTED]

You guys are already on board for the same, [REDACTED] is ready and aware.

Also, please plan on putting miles on the chargers.

Happy hunting,
